Venus[®] VHL Benchtop L-Bar Sealers

Magnetic hold-down, impulse seal. A heat shrink gun, included, shrinks the film to create a sparkling, tightly wrapped package. Each sealer has adjustable table height and includes a film roll dispenser with film separator. Uses centrefolded PP, PVC and PE shrink film up to 25µm thick.

Venus[®] SHRINK-A-PACK

Wrap, seal and shrink on the spot. Give a distinctive touch to gift packs and special promotions. Re-wrap items with damaged packaging to look like new. Add sparkle and appeal, protect against soiling, moisture and tampering.

Easy, economical shrink packaging.

Venus SHRINK-A-PACK has a built-in sealing timer and is ready for use in 4 seconds or less. It comes complete with the Venus VH1250 Heat Shrink Gun that plugs directly into the sealing unit*.

*SHRINK-A-PACK 700 comes with the VH1200 Shrink Gun that plugs into a standard 240v socket.
