## Benchtop Shrink Wrap Sealer

Two sides of the package are sealed simultaneously saving time and energy. A heat shrink gun (not included) shrinks the film to create a sparkling, tightly wrapped package. The VHLIB uses centrefolded PP, PVC and PE shrink film up to 0.05mm thick. The seal timer is adjustable from 1 to 3 seconds. Each sealer includes a film roll dispenser.

### VH550LIB

- Maximum seal length: 550mm x 600mm
- Film roll diameter: 311mm
- Seal timer: 1 to 3 seconds
- Power: 1200w
- Weight: 16kg
- Roller weight: 3kg
- Sealer dimensions: 650mm x 620mm x 200mm
- Film roll dispenser included.

\*Heat shrink gun and film sold separately.

### VH400LIB

- Maximum seal length: 400mm x 600mm
- Film roll diameter: 280mm
- Seal timer: 1 to 3 seconds
- Power: 1200w
- Weight: 14kg
- Roller weight: 2.3kg
- Sealer dimensions: 550mm x 620mm x 200mm
- Film roll dispenser included.

\*Heat shrink gun and film sold separately.

### VH300LIB

- Maximum seal length: 340mm x 340mm
- Film roll diameter: 216mm
- Seal timer: 1 to 3 seconds
- Power: 750w
- Weight: 8kg
- Roller weight: 1kg
- Sealer dimensions: 495mm x 420mm x 160mm
- Film roll dispenser included.

\*Heat shrink gun and film sold separately.
