

# Venus<sup>®</sup> TOMATO TWINE

**Venus** Tomato Twine is used in greenhouses for tying tomatoes, capsicums and other climbing plants. One cut produces 50 identical lengths. The twine is loosely wound to ensure strands separate cleanly with no twisting or tangling. Reusable: lasts up to 2 years. Colours: green and red.

Each coil ties approximately 1600 plants. (Based on 2.4m length).

Strands separate easily – no tangling.
