

TYING SOLUTIONS FOR VINE PLANTS

Vine plants, including grapes, tomatoes, vegetables and other flowering and tree varieties, make up a large part of Australia's horticultural industry. We offer a range of items to assist with many aspects of farming businesses but specifically for vine plants the focus is on tying twines, twist ties, vine pliers, rubber bands and now our new product Bandofix. Any or all of these products may be suitable depending on the crop, whether you need a reusable solution, and how long you expect the tie to be supporting the plant. In the table below, we go through the various vine tying options and their applications and benefits:

AGRICULTURAL TOOLS & TIES

BANDOFIX

- Elastic anchor bands
- Made from vulcanised rubber
- Non-toxic
- Easy to apply/remove
- UV protected
- Comes in 5 different sizes
- Can stretch up to 5 times it's size
- Reusable

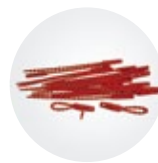

VINYL TIES

- Easy-to see
- Reusable
- Cost-effective
- Uses include: attaching stem to stakes during propagation; or for sale, attaching plant info/pricing.

TWINE

- Broad range
- Ideal for tomato plant seedlings

VENBINDERS

- Easy to see
- Adjustable as plant grows
- Red ties provide good visibility and are easy to see to dispose of when required
- Reusable

HAND CLIPPERS & CLIPS

- Easy-to-use clipping tools & clips
- Offers strong grip between plant and trellis; or plant and stake
- Fast application, however depending on plant, it may outgrow clip
- Good for securing vines to trellis wire
- Lightweight wire clips open as plant grows.

GARDEN TWINE

- Environmentally friendly
- Multiple uses in nurseries
- Applications include cut flowers, tree/vine management, waste management

PLASTIC / CABLE TIES

- Easy to apply
- Extremely cost effective
- Reusable
- Strong
- Can be expanded as plant grows

PLANT SUPPORT NETTING

- To support vine growing plants either on trellises or used horizontally to keep growing produce off the ground
- Multituse
- UV stabilised

PAPER TIES

- Biodegradable
- One-time use
- Cost effective
- Offers easy release when pulling vine from trellis/stake

SUPER SOFT BUNCH SEALED NETTING BAGS

- Ideal for packing vine produce
- Extra soft to avoid damage to fruit
