## Printed Rubber Bands

As many of our customers know, Venus has been a leader in supplying the Australasian market with rubber bands for many years. With a huge range of rubber bands already we have now added individually printed rubber bands. This is a good marketing initiative to promote your brand, and has proven popular in the fresh produce markets to differentiate brands.

## Peelable Glue

Our new peelable glue pillows are designed for creating temporary bonds between sachets and magazine, credit card attachment to backing card and giveaways attached to any type of product. The glue pillows are used in chamber hot melt glue guns such as the VH66S & VH 66B. (pictured)

This high quality product guarantees no staining and is easy to detach. Peelable glue has come a long way and using a hot melt glue for such applications offers a faster, more foolproof solution than traditional methods.
