

# VH56 Glue Gun

## PRODUCT DESCRIPTION

The VH56 is a low-mid-range, duty 12mm glue gun, with a high glue output. It is comfortable for all day use with a soft grip hand molding. Also features an adjustable trigger for use with different sized hands and to regulate the amount of glue applied per pull.

The VH56 is controlled thermostatically with a 250 watt stainless steel cartridge heater which ensures an extended tool life and a fast warm up time. Features include smooth moldings at the front of the tool for easy cleaning, and a narrow profile and removable stand to facilitate maximum access to tight corners and hard to reach places.

## APPLICATION INFORMATION

- Used in Electronics, Flooring, Packaging, Print & POS, Product Assembly, Rosette Making, and Woodworking.
- Warm up time: 3 minutes.
- Works best with Venus 12mm Hot Melt Glue Sticks.
